INSC 1000. Science at Northeastern. 1 Hour.
Introduces first-year students with majors in the College of Science to the liberal arts in general. Offers students an opportunity to become familiar with their college and majors; to develop the academic skills necessary to succeed (analytical ability and critical thinking); to become grounded in the culture and values of the University community; and to develop interpersonal skills—in short, presents students with the skills needed to become a successful university student.

INSC 1501. Research Methods in the Sciences A. 2 Hours.
Examines selected topics, methods, and skills useful in various forms of experiential education. Topics vary each semester and may be illustrated through examples drawn from the sciences or from student-initiated problems. May be repeated without limit.

INSC 1502. Research Methods in the Sciences B. 2 Hours.
Examines selected topics, methods, and skills useful in various forms of experiential education. Topics vary each semester and may be illustrated through examples drawn from the sciences or from student-initiated problems. May be repeated without limit.

INSC 1990. Elective. 1-4 Hours.
Offers elective credit for courses taken at other academic institutions. May be repeated without limit.

INSC 2990. Elective. 1-4 Hours.
Offers elective credit for courses taken at other academic institutions. May be repeated without limit.

INSC 3990. Elective. 1-4 Hours.
Offers elective credit for courses taken at other academic institutions. May be repeated without limit.

INSC 4990. Elective. 1-4 Hours.
Offers elective credit for courses taken at other academic institutions. May be repeated without limit.
