Northeastern offers the following PhD programs:

**B**
- Bioengineering, PhD (http://catalog.northeastern.edu/graduate/engineering/bioengineering/#programstext)
- Biology, PhD (http://catalog.northeastern.edu/graduate/science/biology/#programstext)
- Biomedical Sciences, PhD (http://catalog.northeastern.edu/graduate/health-sciences/pharmacy/#programstext)

**C**
- Chemical Engineering, PhD (http://catalog.northeastern.edu/graduate/engineering/chemical/#programstext)
- Chemistry, PhD (http://catalog.northeastern.edu/graduate/science/chemistry-chemical-biology/#programstext)
- Civil Engineering, PhD (http://catalog.northeastern.edu/graduate/engineering/civil-environmental/#programstext)
- Computer Engineering, PhD (http://catalog.northeastern.edu/graduate/engineering/electrical-computer/#programstext)
- Computer Science, PhD (http://catalog.northeastern.edu/graduate/computer-information-science/computer-science/#programstext)
- Counseling Psychology, PhD (http://catalog.northeastern.edu/graduate/health-sciences/applied-psychology/#programstext)
- Criminology and Justice Policy, PhD (http://catalog.northeastern.edu/graduate/social-sciences-humanities/criminology-criminal-justice/#programstext)

**E**
- Economics, PhD (http://catalog.northeastern.edu/graduate/social-sciences-humanities/economics/#programstext)
- Electrical Engineering, PhD (http://catalog.northeastern.edu/graduate/engineering/electrical-computer/#programstext)
- English, PhD (http://catalog.northeastern.edu/graduate/social-sciences-humanities/english/#programstext)

**H**
- History, PhD (http://catalog.northeastern.edu/graduate/social-sciences-humanities/history/#programstext)

**I**
- Industrial Engineering, PhD (http://catalog.northeastern.edu/graduate/engineering/mechanical-industrial/#programstext)
- Information Assurance, PhD (http://catalog.northeastern.edu/graduate/computer-information-science/information-assurance/#programstext)
- Interdisciplinary Engineering, PhD (http://catalog.northeastern.edu/graduate/engineering/interdisciplinary-phd/#programstext)

**L**
- Law, Criminology and Justice Policy, JD/PhD (http://catalog.northeastern.edu/graduate/social-sciences-humanities/criminology-criminal-justice/#programstext)

**M**
- Marine and Environmental Sciences, PhD (http://catalog.northeastern.edu/graduate/science/marine-environmental-sciences/#programstext)
- Mathematics, PhD (http://catalog.northeastern.edu/graduate/science/mathematics)
- Mechanical Engineering, PhD (http://catalog.northeastern.edu/graduate/engineering/mechanical-industrial/#programstext)
- Medicinal Chemistry, PhD (http://catalog.northeastern.edu/graduate/health-sciences/pharmacy/#programstext)

**N**
- Network Science, PhD (http://catalog.northeastern.edu/graduate/science/interdisciplinary)
- Nursing, PhD (http://catalog.northeastern.edu/graduate/health-sciences/nursing/#programstext)

**P**
- Personal Health Informatics, PhD (http://catalog.northeastern.edu/graduate/computer-information-science/health-informatics/#programstext)
- Pharmaceutical Sciences, PhD (http://catalog.northeastern.edu/graduate/health-sciences/pharmacy/#programstext)
- Pharmacology, PhD (http://catalog.northeastern.edu/graduate/health-sciences/pharmacy/#programstext)
- Physics, PhD (http://catalog.northeastern.edu/graduate/science/physics/#programstext)
- Political Science, PhD (http://catalog.northeastern.edu/graduate/social-sciences-humanities/political-science)
- Population Health, PhD (http://catalog.northeastern.edu/graduate/health-sciences/population-health-phd)
- Psychology, PhD (http://catalog.northeastern.edu/graduate/science/psychology/#programstext)
- Public Policy, PhD (http://catalog.northeastern.edu/graduate/social-sciences-humanities/public-policy-urban-affairs/#programstext)

**S**
- School Psychology, PhD (http://catalog.northeastern.edu/graduate/health-sciences/applied-psychology/#programstext)
- Sociology, PhD (http://catalog.northeastern.edu/graduate/social-sciences-humanities/sociology/#programstext)

**PhD Network**

The Northeastern PhD Network is an organization designed to build community among PhD students. The PhD Network provides students with support and resources university-wide to enhance their educational experience and career preparation.

Shared values unite PhD-centered activities at Northeastern, which prepares critical thinkers to tackle society's most challenging problems:

- **Excellence with purpose:** All PhD programs combine academic rigor with societal impact.
- **Innovative thinking:** Our education programs, mentoring activities, and research scholarship promote novel content and pathfinding approaches.
PhD Programs

• Cross boundaries: PhD students transcend disciplinary and international boundaries during their innovative educational journey.
• Integrative education: The integration of scholarship and research training with collaborative fieldwork and professional development provides a uniquely experiential education.
• Inclusive diversity: Students and faculty from diverse cultures and backgrounds drive excellence by bringing a wide range of perspectives to our distinctive programs.

At Northeastern, every PhD student has opportunities to acquire experience beyond traditional dissertation research. Exposure to and integration with our many industry and academic partners—through internships, fieldwork, and other collaborations—and in authentic settings—from laboratories, startup companies, and nonprofit institutions—lead to research with greater impact and broader career opportunities, both within and beyond academia.

Explore the PhD Network website (https://phd.northeastern.edu/network/resources) to learn more about:

• Resources that support PhD students’ educational, professional, and personal lives
• Events created especially for PhD students, both at Northeastern and through our partners
• Funding in support of fellowships, internships, and conference attendance

Experiential PhD

Northeastern’s Experiential PhD programs enable students to expand critical inquiry, learn, work, and chart a path to professional success through challenging assignments at organizations in industry, government, and the nonprofit sector. Beyond the comfort zone of their own university research group, PhD students enjoy immersive experiences that help shape their research perspective. They also bring fresh ideas and talent to their host organizations.

The immersive Experiential PhD transforms lives by:

• Challenging students to solve problems in the context of society’s needs and limitations, a quest that helps shape the questions they raise and answer through their dissertation research
• Equipping students for a lifetime with the creativity, cultural agility, and professional skills—public speaking and communications, project management, leadership, and teamwork—they’ll need to turn discoveries into solutions
• Enriching fields of expertise by introducing new mentors and collaborators to each student’s professional network, host institution, and university research laboratory

Experiential PhD offers major benefits to both students and institutional partners. As students work to solve complex problems and chart careers as future innovators, their host institutions gain advantages like these:

• A deeper engagement in rapidly evolving fields of research
• Access to university facilities and senior faculty expertise
• Opportunities for senior leadership to mentor and co-publish with students and to serve on their dissertation committees
• A chance to recruit emerging talent

Northeastern is one of the only universities in the world to offer students options for learning and pursuing research outside of their primary research group in all of its doctoral degree programs. These real-world placements are highly flexible and customizable, tailored to the needs of Northeastern’s PhD students and institutional partners.
