The College of Professional Studies awards transfer credits for eligible courses completed successfully at regionally and programmatically accredited institutions. The Council for Higher Education Accreditation provides information about the organizations responsible for these two forms of accreditation. Official transcripts from all institutions should be sent directly to the College of Professional Studies Office of Admissions at the time of application.

Credits earned at institutions outside the United States are considered for transferability on a case-by-case basis. Students should submit an official English evaluation completed by an approved credential evaluator. Course descriptions and/or syllabi also should be translated into English and submitted to the College of Professional Studies Office of Admissions.

Once a new student has been accepted into a program, a major has been declared, and all official transcripts and/or exam results have been received, the College of Professional Studies Office of Registrar Operations conducts an official transfer credit evaluation within the first academic term. Students may be required to provide additional documentation for transfer credit evaluation.

The College of Professional Studies reserves the right to revise transfer credit awards due to course duplication, a student's change in program of study, or other reasons deemed necessary by the college.

Students who wish to transfer credits earned at the College of Professional Studies to another institution need to consult with that institution to determine eligibility.

For more information about transferring credit and the transfer credit award process, visit the College of Professional Studies Admissions website (http://www.cps.neu.edu/admissions/undergraduate/transferring-credit).

Undergraduate Transfer Credit

Undergraduate students who wish to make a request for transfer credits must provide an official academic transcript for credits earned at another institution and an official report of exam results for credits earned through college-level proficiency examinations.

Undergraduate transfer credit awards are granted on a case-by-case basis employing the following guidelines:

- The minimum course grade acceptable for transfer credit is C, or 2.00 on a 4.00 scale.
- Courses completed on a pass/fail scale are not eligible for transfer.
- Credits earned in science and technology courses are valid for a period of seven years. Science and technology courses completed more than seven years ago may be considered for transfer at the discretion of the program director. Courses successfully completed in other subject areas are not subject to timelines.
- Transfer credits also may be earned through:
  - Advanced Placement (AP) Examination Program of the College Entrance Examination Board.
  - Credits earned from any college within Northeastern University other than the College of Professional Studies are granted under the following guidelines:
    - Minimum grade of a C–, or 1.667 on a 4.00 scale.
    - If the undergraduate transfer student is only transferring credits earned at another Northeastern University college, he or she completes a minimum of 24 semester hours (residency) for a bachelor’s degree at the College of Professional Studies.
  - With specified exception, students must complete at least 50 percent of the total credits required for a bachelor's degree at the College of Professional Studies.
  - Students may transfer up to 6 semester hours toward an undergraduate certificate.
  - An undergraduate student who is on active military duty may transfer up to 75 percent of the total credits required for an undergraduate certificate or degree at the College of Professional Studies.

Assessment of Prior Learning (APL)

Students may be eligible for APL credit if they have accrued a foundation of knowledge and skills equivalent to the content of courses in the following areas:

- Liberal arts (ANT, ART, CMN, ECN, ENG, HST, MUS, PHL, POL, PSY, SOC, and TCC)
- Health professions and sciences (BIO, BTC, CHM, HMG, and HSC)
- Information technology (ITC)
- Business

Interested students should contact their career and academic coach for more information.
