# Public Health, BA

The public health major offers students a strong foundation and experiential education in the core components of public health, such as the social determinants of health, biostatistics and research methods, health communication and health education, and program planning. The public health core is supported with social science and the biology of health and disease to provide breadth and depth for students to discover their passion and desired discipline. The major positions students well with a broad range of knowledge and skills to pursue graduate studies and professions such as:

- · Community health
- · Epidemiology
- · Health administration
- · Health communication and education
- Law
- · Public policy
- · Social work

### **Academic Policies and Procedures**

Please visit Bouvé College of Health Sciences Undergraduate page (https://catalog.northeastern.edu/undergraduate/health-sciences/) for academic policies and procedures, including Academic Appeals. (https://catalog.northeastern.edu/undergraduate/health-sciences/#undergraduate-health-sciences-college-appeals-policy)

Please visit Bouvé College Learning Outcomes (https://bouve.northeastern.edu/learning-outcomes/) for the specific student learning outcomes for this program.

## **Program Requirements**

- Concentrations and course offerings may vary by campus and/or by program modality. Please consult with your advisor or admissions coach for the course availability each term at your campus or within your program modality.
- Certain options within the program may be required at certain campuses or for certain program modalities. Please consult with your advisor or admissions coach for requirements at your campus or for your program modality.

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

### **Universitywide Requirements**

All undergraduate students are required to complete the Universitywide Requirements (https://catalog.northeastern.edu/undergraduate/university-academics/university-wide-requirements/).

## **BA Language Requirements**

All BA students are required to complete the BA degree language requirements, for a total of 12 semester hours of language study or demonstrated equivalent proficiency, as described in Additional Requirements for BA students (https://catalog.northeastern.edu/undergraduate/university-academics/nupath/ba-requirements/). Successful demonstration of proficiency does not reduce total minimum semester hours of study required to earn the BA degree.

### **NUpath Requirements**

All undergraduate students are required to complete the NUpath Requirements (https://catalog.northeastern.edu/undergraduate/university-academics/nupath/).

### **Public Health Core**

PHTH 5236	Food, Nutrition, and Health	
PHTH 5603	Qualitative Methods	
Capstone Project Options		
HSCI 4720	Health Science Capstone—Service (must complete 0-credit HSCI 4700 as prerequisite)	
HSCI 4730	Health Science Capstone—Research (must complete 0-credit HSCI 4700 as prerequisite)	
Honors Project Option (must meet GPA requ	uirement and complete both courses*)	
HSCI 4970	Junior/Senior Honors Project 1	
and HSCI 4971	and Junior/Senior Honors Project 2	
*HSCI 4970 will count as 4 SH toward	general electives.	

## **Other Major Requirements**

Code	Title	Hours
HSCI 1000	College: An Introduction	1
HSCI 2000	Professional Development for Bouvé Co-op	1
ENGW 1111	First-Year Writing	4
ENGW 3306	Advanced Writing in the Health Professions	4

## **General Electives**

Code	Title	Hours
Complete 36 semester hours of general el	ectives:	36

## **Public Health Major Requirement**

A grade of C or higher is required for all BIOL, HSCI, and PHTH courses.

## **Program Requirements**

Minimum of 128 semester hours required

## **Plan of Study**

## Sample Four Years, Two Co-ops (Option 1 of Science Requirement)

Year 1
