Professional courses are those required courses taught within the major/college as identified by course subject code: EXSC, HLTH, HSCI, NRSG, PHMD, PHSC, PHTH, and PT.

Courses in the above-listed subjects that are taken as electives are exempt from the C– or better rule and the university's minimum satisfactory grade will be accepted. Those courses labeled "professional elective" (i.e. certain pharmacy courses), are subject to the C or better requirement.

### COLLEGE ACADEMIC STANDARDS—PROFESSIONAL PREREQUISITES

Courses in the above-listed subjects that are taken as electives are exempt from the C– or higher rule and the university's minimum satisfactory grade will be accepted. Those courses labeled "professional elective" (i.e. certain pharmacy courses), are subject to the C or better requirement.

### COLLEGE ACADEMIC STANDARDS—ALL OTHER COURSES

The university's minimum passing grade for the course will be accepted. Note: The university requires a minimum grade of C for First-Year Writing (ENGW 1111) and Advanced Writing in the Health Professions (ENGW 3306).

### PROGRESSION WITHIN BOUVÉ

- First-year students must complete at least 27 semester hours and meet all major prerequisite course requirements to progress to sophomore status.
- To progress into the subsequent year of professional courses, students must have completed all professional prerequisites with the required minimum passing grade as noted in the chart above.
- To progress into the subsequent semester of professional courses, students must have completed all professional courses with a grade of C or better.
- For pharmacy students, failure to earn a satisfactory grade (S) in a co-op will be counted as a professional course failure.
- Students admitted to the preprofessional pharmacy program must receive the minimum passing grade as noted in the chart above for all professional prerequisites, have satisfactorily completed all academic courses in the preprofessional phase of the curriculum, have an overall GPA of 3.00 or higher, and a science prerequisite GPA of 3.00 or higher in order to progress. In addition, in order to progress into the PharmD professional (P1) year, students must demonstrate, through a personal interview, good verbal and written communication skills, understanding of the pharmacy profession, and commitment to patient care, based on criteria set by the Doctor of Pharmacy program. Pharmacy (PharmD) students with a cumulative GPA of 3.200 or less following the fall semester of the sophomore year...
Students in the Bouvé College of Health Sciences will be placed on academic probation effective for the following semester if any of the reasons noted below:

**First-year Students**
Students who fail to attain an overall GPA of 1.800 at the end of each semester of their freshman year and/or fail to earn at least 12 semester hours in the semester just completed will be placed on academic probation effective for the following semester.

**Upperclass and Transfer Students**
Students who fail to attain a minimum cumulative GPA of 2.000 at the end of each semester and/or fail to earn at least 12 semester hours in the semester just completed will be placed on academic probation effective for the following semester.

**ACADEMIC DISMISSAL FROM MAJOR**
Students in the Bouvé College of Health Sciences will be dismissed from their major effective the following academic semester for any of the reasons noted below:

- Failure to earn the minimum required grade in the same course twice.
- For health science, pharmacy, and physical therapy students, failure to earn a grade of C or better in three professional courses, regardless of remediation.
  
  Within the health science program, lecture and clinical/lab components for the same class are considered as one professional course failure.

  Within the physical therapy and pharmacy programs, each specific professional course (with separate registration number) will be counted as a separate failure even if content is related.

- For nursing students, failure to earn a grade of C or better in two professional and/or clinical courses, regardless of remediation.
  
  Within the nursing program, each specific professional course (with separate registration number) will be counted as a separate failure even if content is related.

- For physical therapy and pharmacy students, failure to achieve an overall GPA of 3.000 or higher or a science prerequisite GPA of 3.000 or higher by the end of the professional phase of the program (physical therapy = summer 1, semester year two; pharmacy = spring semester, year two) or failure to maintain the required overall 3.000 GPA at any point in the professional phase of the program.

- For nursing, physical therapy, and pharmacy students, changing the expected graduation date more than twice.

- The physical therapy and pharmacy programs monitor and promote the development of professional behaviors in their students in order to ensure appropriate professionalism in the classroom, local and global communities, and clinical settings. Breach of adherence to these standards may result in dismissal from the student’s respective program.

**ACADEMIC DISMISSAL FROM UNIVERSITY**
Students who remain on probation after two academic semesters may be dismissed from the university. Notation of this academic dismissal action will appear on the permanent transcript.

**ACADEMIC APPEALS**
Students who believe that they were erroneously, capriciously, or otherwise unfairly treated in an academic or cooperative education decision may petition to appeal that decision. In addition, students may also appeal to the college’s Academic Standing Committee to review probation and dismissal cases. Refer to the Bouvé Undergraduate or Graduate Student Manual, which details the Bouvé College of Health Sciences Appeals Process, and the Northeastern University Student Handbook, which details the University Undergraduate Student Academic Appeals Procedures.

**GPA**
Bouvé College does not permit the use of a hand-calculated GPA under any circumstances. All grade-point calculations will be performed by the university’s standard process.
