

# Linguistics, Minor

## Overview

The minor in linguistics provides students with an overview of the field, including exposure to both the structural and sociocultural aspects of the study of language. Students have an opportunity to learn the methods of linguistic analysis and to obtain more advanced exposure to various subdomains of linguistics.

## Program Requirements

Complete all courses listed below unless otherwise indicated.

Students must complete a minimum of three courses exclusive to this minor beyond the courses required for the student's declared major(s) and additional minor(s).

## Foundational Courses

Code	Title	Hours
LING 1150 or LING 1449	Introduction to Language and Linguistics English Now and Then	4
LING 2350	Linguistic Analysis	4
