

Corporate Finance, Graduate Certificate

Northeastern University D'Amore-McKim School of Business' Graduate Certificate in Corporate Finance (http://www.damore-mckim.northeastern.edu/academic-programs/certificates/corporate-finance/?utm_medium=website&utm_source=catalog&utm_campaign=gccf) helps students advance their finance careers by building a cutting-edge skill set for business planning, financial analysis, and investment management.

In just four courses—with the option to take a fifth course to further their learning—students develop a deeper understanding of domestic and international markets, building a rich context for effective financial decision making. Depending on the electives they choose, students have an opportunity to explore critical topics in greater depth, such as investment banking, mergers and acquisitions, and business turnarounds.

Students may enroll in the Graduate Certificate in Corporate Finance for part-time study.
