Northeastern University D'Amore-McKim School of Business' Graduate Certificate in Leading People and Organizations (<https://damore-mckim.northeastern.edu/programs/leading-people-certificate/>) helps students develop cutting-edge skills for developing and leading successful teams.

In just four courses—with the option to take a fifth course to deepen their knowledge base—students learn essential principles for building and leading high-performing and collaborative teams. Depending on the electives chosen, students explore critical topics in greater depth, such as health organization management, negotiating, or leading for environmental sustainability.

Students may enroll in our Graduate Certificate in Leading People and Organizations for full-time and part-time study.
