Academic standing in Bouvé is determined by the student's cumulative grade-point average and performance in academic and clinical courses that are required by the student's program. All Bouvé students are expected to maintain a cumulative GPA of 3.000 each semester to remain in good academic standing and to progress toward graduation. Students who do not maintain a cumulative GPA of 3.000 each semester will be placed on academic probation (http://catalog.northeastern.edu/graduate/health-sciences/academic-policies-procedures/academic-probation/).

Each program has its own minimum grade requirements. Please review the program's requirements page in this catalog for details.
