Admissions Acceptance Deferral
A student who is not able to start their studies during the academic term for which they gained acceptance must contact the Office of Admissions to request a deferral of admission. A student may request a deferral for up to one year, unless otherwise noted for specific programs. Check with the Office of Admissions for more information.

If a student does not get approved for an acceptance deferral and does not begin their studies within two academic terms of acceptance into a program, they forfeit that acceptance and must reapply to the program for a future term. It is important for the student to inform the Office of Admissions about deferral requests as this may impact the student’s time limit on program completion and financial aid.

Conditional Admission
Students who have not submitted required admissions documents, such as official transcripts, prior to admission must do so within 30 days of the start of the academic term. A student who has been admitted on condition to provide admissions documents will not be permitted to register for a future term.

Curricular Requirements
Admitted students are required to follow the program requirements that are in effect the term for which they have been admitted or, in the case of a formal deferral, the future term to which they have deferred. Students are encouraged to review the curricular requirements at the beginning of their start term to ensure they have the most up-to-date information.

The college reserves the right to rescind an offer of acceptance if the student is no longer considered in good academic or disciplinary standing between the time of acceptance and matriculation.
