

New Admitted Students Site

In addition to participating in New Student Orientation, students are strongly encouraged to review the New Admitted Students (<http://www.orientation.cps.northeastern.edu/>) site provided by the Office of Academic Advising.

This is a tool and resource intended to help new students prepare for their first term of enrollment, as well as provide information that students can reference throughout their time at Northeastern University and beyond. The site is organized with checklists students may use during different points in their academic career.
