Academic Requirements

Students are responsible for following the program requirements for their respective major, pattern of attendance, and graduation year. Students are responsible for monitoring their own progress through the curriculum by registering for the courses stipulated by their curriculum plan, abiding by course prerequisites, regularly checking their degree audits, and knowing the consequences for unsatisfactory academic progress. Any exceptions to a student’s curriculum plan will be determined by protocols established by the program, after consultation with the student’s academic advisor.

The minimum passing grade for a course within a curriculum is stipulated in the program requirements published in this catalog. The minimum passing grade required for certain NUpath writing-intensive courses is established by the university and can be viewed here (http://catalog.northeastern.edu/undergraduate/university-academics/nupath/writing-intensive/). For a course where the minimum passing grade is not established in the program requirements published in this catalog, the university’s minimum passing grade for the course will be accepted.

ACADEMIC PROGRESSION WITHIN BOUVÉ

- First-year students must complete the minimum semester hours outlined by the university Academic Progression Standards (http://catalog.northeastern.edu/undergraduate/academic-policies-procedures/progression-standards/) and meet all major/program prerequisite course requirements to progress to sophomore status.

- Students who incur an incomplete grade in a prerequisite course may not progress into the subsequent course(s). Any exceptions will be determined by protocols established by the program, after consultation with the student’s academic advisor. See Clearing an Incomplete or Changing Other Grades section on the (http://catalog.northeastern.edu/undergraduate/academic-policies-procedures/student-records-transcripts-related-policies/) Student Records, Transcripts, and Related Policies page of this catalog for more detail.

- Please see each major/program’s requirements page in this catalog for progression requirements specific to that program.

GRADE-POINT AVERAGE

Bouvé College does not permit the use of a hand-calculated GPA under any circumstances. All GPA calculations will be performed by the university’s standard process.

ACADEMIC DISMISSAL FROM MAJOR

Students in the Bouvé College of Health Sciences will be dismissed from their major/program effective the following academic semester for failure to earn the minimum required grade in the same course twice. Additional grounds for academic dismissal specific to each major can be found on the program requirements page of the major in this catalog.

Note: Students dismissed from their major/program but who are otherwise in good standing with the university are allowed to remain at Northeastern University for up to two semesters as a provisional Bouvé student, by the end of which, the student is expected to move into a new major. If not moved into a new major by the end of two semesters, the student will be blocked from further registration.

ACADEMIC DISMISSAL FROM THE UNIVERSITY

When a Bouvé College of Health Sciences student is dismissed from the university, they are not permitted to remain registered for courses in the immediate next academic term. If the university dismissal is successfully appealed, a student may register for classes in the following academic term.

UNDERGRADUATE STUDENT ACADEMIC PETITIONS

Students must submit petitions to relevant offices on campus to request any of the following:

- Transcripts
- Reinstatement
- Incomplete
- Changing other grades
- Restricted Access
- Re-enrollment
- Program changes
- Probation
- DDSP
- Satisfactory Progress
- Emergency Withdrawal
- Final Grade
- Other student concerns or issues

A waiver of policy (see policy-specific webforms (https://bouve.northeastern.edu/student-services/webforms/)).

A change in major (see Bouvé Change of Major form (https://forms.office.com/Pages/ResponsePage.aspx?id=gcLuKQ0qrz5m0s5i9V53Z7F2g9mdSClWtwWVJ6U1UnZFFUTE4N4Y8BuN108CMU5Z7v1POQVDE5C095M99W)).

A declaration of a Bouvé minor (see Bouvé Minor's Request form (https://forms.office.com/Pages/ResponsePage.aspx?id=gcLuKQ0qrz5m0s5i9V53V3cVYcVHFMBAT5dQ0oPBm9UMJNCMlWWvVgYBHJNU8CMU5Z7v1POQVDE5C095M99W)).

A Late Course Registration (https://registrar.northeastern.edu/article/late-course-registration/).

A directed study request (see Individual Instruction Registration (https://registrar.northeastern.edu/article/individual-instruction-registration/)).

A request to take two courses while on co-op (see Petition Registration form (https://registrar.northeastern.edu/wp-content/uploads/sites/9/form-pet-reg-14.pdf)). Please note: Taking one course while on co-op does not require this form. Taking any course(s) while on co-op requires "I Am Here" participation.

Preapproval for a course to be taken for transfer credit (requires petition process with academic advisor).

A different course of action regarding their academic standing, progression, probation, or dismissal. This is also known as an Academic Appeal, see below. This requires a formal petition to the unit’s academic standing committee, see department-specific webforms (https://bouve.northeastern.edu/student-services/webforms/).

UNDERGRADUATE STUDENT ACADEMIC APPEALS

Students who believe that they were erroneously, capriciosly, or otherwise unfairly treated in an academic or cooperative education decision may petition to appeal the decision. Details about the process for undergraduate students may be found in Appeals Policies and Procedures in the university Undergraduate Student Handbook (http://www.northeastern.edu/ouec/code-of-student-conduct/) supplemented by the college-specific policies and procedures below.

Step 1. For appeals concerning a course grade, students should discuss their concerns with the course instructor or unit head offering the course as outlined in the Undergraduate Student Handbook (http://www.northeastern.edu/ouec/code-of-student-conduct/). If the concern remains unresolved after these conversations, the student should prepare an appeal to the college level, see step 5, below.

For all other academic appeals, including decisions concerning academic standing or progression or co-op, students should discuss their concerns with the academic advisor and prepare an appeal statement for submission to the unit level as shown in the step below. For appeals concerning a professionalism determination (when applicable to a student’s program/major), the student should discuss their concerns with the program director.

The Disability Resource Center (http://www.northeastern.edu/drc/) provides an appeal process for students with disabilities who believe their accommodation requests were unduly denied. Appeals arising from allegations of discrimination or harassment on the basis of a protected category should be referred to the Office for University Equity and Compliance (https://www.northeastern.edu/ouec/). For appeals concerning student conduct, including academic integrity, please refer to the process outlined in the Code of Student Conduct.

Step 2. If the concern remains unresolved after informal discussions or if the concern pertains to an academic determination as outlined above, the student should prepare and submit an appeal statement. Students are encouraged to work with their advisor to complete the necessary forms.

Step 3. BCHS Unit-Level Appeal When appealing a decision to the unit level, students should submit a request to appeal and submit an appeal statement within 30 working days of the day when the student learns of the academic determination in question. The unit-level Academic Standing Committee must provide the student with a written decision of the finding(s) and disposition of the matter at the previous step, they may proceed with the appeal through the BCHS Academic Affairs Committee. BCHS Academic Affairs Committee

Step 4: Department Chair- or School Dean-Level Appeal If the student believes they have been erroneously, capriciosly, or otherwise unfairly treated with the unit-level committee’s decision, they may pursue a secondary appeal to the next level as specified below:

School of Clinical and Rehabilitation Sciences: department chair of the unit offering the course or program

School of Community Health and Behavioral Sciences: department chair of the unit offering the course or program

School of Nursing: school dean

School of Pharmacy: school dean

The student must request the appeal by contacting the specified office in writing via email within 10 business days of receiving the report from the previous step. After consideration, the department chair or school dean, or their representative, shall provide the student and involved faculty member with a written report of their finding(s) and decision within 10 business days of receiving the appeal request.

Step 5. College-Level Appeal If the student is not satisfied with the disposition of the matter at the previous step, they may proceed with the appeal through the BCHS Academic Affairs Committee. The BCHS AAC hears cases that have been unsatisfactorily resolved at the prior school and unit levels for “students who believe that they have been erroneously, capriciosly, or otherwise unfairly treated” or may directly hear appeals concerning course grades or when a unit does not have a unit-level committee.

The student must request an appeal hearing in writing (via email) within 10 business days of receiving the report from the previous step or the grade in question. After consideration, the college dean or their representative, shall provide the student and involved faculty member with a written report of their finding(s) and decision within 10 business days of receiving the appeal request.

Processes for College-Level Appeals to the BCHS AAC:

• Students wishing to bring an appeal before the college AAC should first consult with their appointed academic advisor, or when the appeal involves the academic advisor, with the assistant dean of student services.

• The chair of the college AAC will convene the college appeals panel from among the regular members of the BCHS AAC. The appeals panel will include three voting members of the BCHS AAC that appropriately represent the breadth and depth of programs within the college. At minimum, two schools will be represented on the panel and at least one member who teaches within a similar degree-level program. Members of the panel shall have no known conflicts of interest with the student. The assistant dean of student services and
the chair of the AAC will attend the appeal panel hearing as nonvoting members.

- A chair for the college appeal panel shall be selected from among the panel members and is responsible for producing a formal recommendation of the committee for communication to the college dean.
- The chair of the AAC will be responsible for scheduling the meeting, notifying the student and other participants in a timely manner so they may attend, and keeping and archiving records of the proceedings according to committee procedures.
- The chair of the college appeal panel will notify the college dean of the findings and recommended decision. The college dean will have the final decision.
- The college dean will notify the student and other relevant parties of the decision in writing no later than 10 business days after the decision.

Step 6. University-Level Appeal

If the student is not satisfied with the college's disposition of the matter, or if the appeal is not resolved within 30 working days (six calendar weeks) after having been submitted to the college in the previous step, they may appeal the matter to the university level. The student shall submit a request in writing, within 10 working days (two calendar weeks) of the finding of the college in the previous step, to the vice provost for undergraduate programs and policies that the university convene an academic appeals resolution committee to review the issue. See the Undergraduate Student Handbook (http://www.northeastern.edu/osccr/code-of-student-conduct/) for more information.

OTHER POLICIES AND PROCEDURES

In addition to policies and procedures referenced here, the following policies and procedures published in Bouvé's graduate catalog also apply to Bouvé's undergraduate students:

- Health Certification (http://catalog.northeastern.edu/graduate/health-sciences/academic-policies-procedures/health-certification/)
- Requirements for Clinical, Internships, and Practicum Courses (http://catalog.northeastern.edu/graduate/health-sciences/academic-policies-procedures/practicum-internship-policies/)
- Background Checks (http://catalog.northeastern.edu/graduate/health-sciences/academic-policies-procedures/background-checks/)
- Liability Insurance (http://catalog.northeastern.edu/graduate/health-sciences/academic-policies-procedures/liability-insurance/)
