parents@northeastern.edu

The **Office of Student Orientation and Family Programs** serves families of full-time undergraduates enrolled on the Boston campus.

Family Programs connects families to university resources, helping you navigate Northeastern's global community. We support families throughout their Northeastern experience—including academic, administrative, and personal matters.

Each year, the office hosts several programs for family engagement including Husky 101 Boston Orientation, Boston Family & Friends Weekend, and the Touch of Home specialty gift program. Stay connected on Facebook!
