

Politics, Philosophy, and Economics and Business Administration, BS

Overview

This combined major integrates the theory and practice of business administration with tools and knowledge to understand social phenomena in ethical, political, and economic contexts, guiding students to develop a set of skills that are indispensable in our increasingly interconnected world. This holistic view is essential to understanding the kinds of challenges that future leaders in management and industry will need to tackle. Students in the combined major are expected to hone these skills not only in their interdisciplinary major but also through participating in cooperative education.

Program Requirements

Complete all courses listed below unless otherwise indicated. Also complete any corequisite labs, recitations, clinicals, or tools courses where specified and complete any additional courses needed beyond specific college and major requirements to satisfy graduation credit requirements.

Universitywide Requirements

All undergraduate students are required to complete the Universitywide Requirements (<http://catalog.northeastern.edu/undergraduate/university-academics/university-wide-requirements/>).

NUpath Requirements

All undergraduate students are required to complete the NUpath Requirements (<http://catalog.northeastern.edu/undergraduate/university-academics/nupath/>).
